

ENVIRONMENTAL POLICY STATEMENT

HP Contracts will comply with all current Legislation and Codes of Practice and are committed so far as is reasonably practicable to protect the Environment and any persons whose safety, health and welfare may be affected by its business.

The key points of the Policy to achieve this are:

- Minimise waste by evaluating operations and ensuring they are as efficient as possible.
- Minimise toxic emissions through the selection and use of its fleet and the source of its power requirement.
- Actively promote recycling both internally and amongst its customers and suppliers.
- Source and promote a product range to minimise the environmental impact of both production and distribution.
- Meet or exceed all the environmental legislation that relates to the Company.
- Continual improvement and prevention of pollution and protection of the environment
- This policy shall be communicated to all persons working for and on behalf of the company and shall be available to the public on request
- This policy shall be reviewed annually as a minimum by the Managing Director to ensure it is appropriate to the nature, scale and environmental impacts of our activities, products and services with a signed copy displayed for employee information and a signed copy retained in the H&S file.
- This policy shall be made available to interested parties on request to the Managing Director.

The Person Responsible for the Implementation of this Policy is Stuart Deas, Managing Director.
